

Cash Acme™ Air Purger

Cash Acme Air Purgers are specially designed to eliminate air from systems by entraining air to the top of the unit and venting through an air vent. The Cash Acme Air Purgers feature a one piece cast iron construction. No service is required. They have internal baffles and are available in a variety of sizes ranging from 1" through 4".

Application

For use in heating systems to trap entrained air from the circulating water.

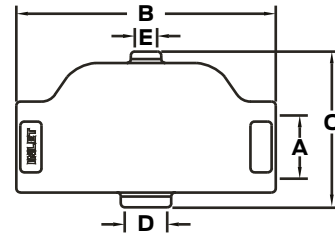

Specification Data

Performance

Maximum Temperature	240° F
Maximum Pressure	125 psi
Service	Water

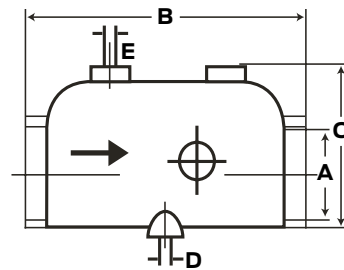

Materials

Body	Cast Iron
------	-----------

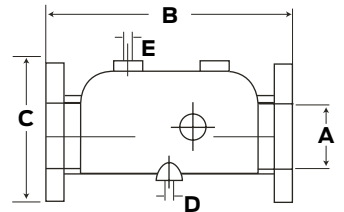

Dimensions

Size	Connection Style	Part #	A	B	C	D	E
